

EPTK ENTRY POINT VEHICLE KIT TRUCK

BRAND: LUMENYTE

The Entry Point Truck Search Kit offers the same capabilities as the EPVK, but with a larger 24" Security Illumination Mat System (SIMS) to provide optimal lighting for truck undercarriage search. The EPTK includes the truck SIMS, inspection wands, lighted search mirrors, Emergency Signaling Devices, and flashlights to provide the capabilities for vehicle search, explosives detection, and occupant search. In addition, the EPTK utilizes the identical case packing as the EPVK to remain compact and two-man portable without increasing the footprint of the system.
