

## GAP GATE ACCESS PROTECTION KIT

---

### BRAND: LUMENYTE

The Gate Access Protection (GAP) Kit is a standalone, field inspection kit designed to provide superior vehicle search capability at perimeter security gates. Its rugged design and durability is ideal for rapid deployment in adverse conditions and can be installed on any surface by a single person within five minutes, without the need of any hand tools.

The GAP Kit consists of Lumenyte's SS-SIMS-1001 under vehicle illumination system, IWV-1000-C inspection wand system, TSM-1000-C, telescoping search mirror, LAM-1000 assessment mirror, as well as VestLytes for night operations, flashlights, Emergency Signaling Devices , and batteries.
