

WILDFIRE RESPONSE MODULE

BRAND: AARDVARK

The Wildfire Response Module is designed to equip six non-firefighter personnel with personal protection during a wildfire. This module contains 6 individual go bags featuring wildfire overcoats and overpants, protective goggles, nomex hoods, particulate masks, fire blankets, carry bags, eye drops, water, nutrition bars, and field trauma medical kits for each of the six personnel. This module provides the necessary equipment to protect personnel deployed to a fire incident during evacuations, traffic control, and medical emergencies.

All of these items are provided integrated into two hard plastic cases.
